1. Agreed to participate in a survey of the government activities listed in paragraph 2 a of NSCID-16 whereby each member agency would transmit to CIA/FDD a statement of its activities pertaining to the USSR in the non-scientific field. CIA/FDD agreed to obtain comparable information on non-governmental activities. This statement should include:

- a. The periodicals and monographs treated
(check if continuously);
- b. Whether reports are issued and in what form,
to whom disseminated;
- c. How many specialized personnel employed who
write such information reports.

2. CIA/FDD will, upon the receipt of information in 1 above, submit this information, systematically assembled, to the committee for its review in order to assess:

- a. Whether there is duplication;
- b. How such duplication as may be found can be
eliminated or minimized;
- c. Means of more effective utilization of such resources.

3. Agreed further that on the basis of the review of the Committee the consolidated translation survey should be continued in its present form and through existing agreed procedures.
